INDISSIMA

Shower enclosures.

Indissima capovolge il paradigma stesso di chiusura doccia. Struttura portante inferiore, che sostiene il concetto estremo di telaio minimale. La più sottile linea telaio presente sul mercato, da luce al volume rigoroso ed elegante di una parete doccia che arreda lo spazio.

Indissima renverse le paradigme même de la fermeture de douche. Structure de support inférieure, qui soutient le concept extrême de cadre minimal. La ligne de cadre la plus fine du marché, mets en lumière le volume rigoureux et l'élégance d'une paroi de douche qui donne de l'espace.

Indissima overturns the very paradigm of shower closure. Lower supporting structure, which supports the extreme concept of minimal frame. The thinnest frame line on the market, bring to light the rigorous and elegant volume of a shower enclosure that furnishes the space.
